Contentnea Watershed Wetland and Riparian Area Restoration and Plan, Neuse River Basin

Restoration Plan Database: Crystal Reports of Individual Plan Summaries

I. BASIC PLAN DATA

Plan's Main Contact Information:

Plan name:
Contentnea Watershed Wetland and Riparian Area Restoration and Plan, Neuse River Basin
Brief description of plan:
The watershed assessment of the Contentnea Creek watershed will serve as the basis for a watershed restoration plan targeting one or more hydrologic units within the Contentnea Creek watershed. The restoration plan will be developed in collaboration with local stakeholders through a series of public meetings. Identification of sources of water quality impairment and recommendations of best management practices to address nonpoint source water quality impacts will be outlined in the restoration plan.
Region the plan is located within:
South-Atlantic Region
Watershed(s) included within the plan:
S020b
Area plan covers (in square miles):
square miles
Plan scale:
State
Plan's lead organization(s):
North Carolina Department of Environment and Natural Resources

Ron Ferrell
Project Manager
North Carolinia Department of Environment and Natural Resources

II. TECHNICAL INFORMATION

Plan includes restoration goals: N

Plan recommends restoration of specific project sites:

Ν

Plan includes a discussion of funding sources:

Y

Plan addresses long-term protection of restored sites:

N

Partners included in developing the plan:

Information not available

Type(s) of public outreach included during plan development:

Held public workshops, meetings, open house, or scoping meetings

Plan includes public outreach as part of plan implementation (e.g. annual public meeting, local group participation):

N

Plan discusses the application of innovative approaches to restoration:
Plan make use of GIS mapping capabilities:
Y
Plan addresses monitoring/reference sites for ecosystem level monitoring (baseline conditions) by:
G
Plan addresses monitoring/reference sites for project level monitoring by:
G
The plan discusses or coordinates with other restoration plans covering the same geographic area:
N
Other plan names:
Plan contains detailed information on historic and/or current habitat size, rate of loss, acres restored or protected, etc.):
N
